

## **Energyco Wins Corporate Social Responsibility Award 2022**

(Islamabad, 25 February 2022) Energyco Pk Limited (formerly Byco Petroleum), one of Pakistan's biggest vertically integrated petroleum companies, has been presented with an award for its services in the field of corporate social responsibility by the National Forum for Environment & Health in a ceremony held in Islamabad yesterday. Mr. Khawaja Siraj-ud-din Athar, Senior Manager - Commercial, at Energyco received the award.

Energyco has been given the country's most prestigious CSR award in recognition of its outstanding environmental and sustainability initiatives, including tree plantation drives. Energyco was one of the first major Pakistani companies to start planting trees using the innovative Miyawaki Method of reforestation. Over the past years, the company has planted thousands of trees in Balochistan near its oil refinery and in Karachi. Energyco has also sponsored the development of an urban forest in Karachi.

Speaking on the occasion, Mr. Azfar Saeed Baig, Energyco's Vice President for Information said, "Energyco has remained committed to supporting the United Nation's Sustainable Development Goals and the Government of Pakistan's 10 Billion Tree Tsunami programme."

Besides tree plantation, Energyco has been involved with various other social activities, including supporting COVID-19 vaccination campaigns, providing clean drinking water to thousands of individuals by installing solar-powered RO plants near its oil refinery in Balochistan, and supporting women empowerment initiatives. "Social work has always been at the heart of Energyco and we take our responsibilities of preserving the environment, protecting the communities, and fairly treating people very seriously," Mr. Azfar Saeed Baig said, "which is why we continue to participate in numerous social projects and will increase our efforts in the future."

**About Energyco:** Energyco Pk Limited is one of Pakistan's leading energy firms, engaged in the businesses of oil refining, petroleum marketing, and petroleum logistics. Energyco's mission is to meet the nation's energy. The Company manufactures a wide range of petroleum products with a vision to achieve sustainable productivity and profitability while upholding high environmental, health and safety standards.

Energyco is Pakistan's largest oil refiner by design capacity, and is the nation's only firm having a dedicated Single Point Mooring (SPM). Energyco's SPM is the only floating liquid port in the country, and the company employs a round-the-clock crew dedicated for the safety and security of the buoy and vessels in and around the SPM's anchorage area. The SPM is Pakistan's only terminal having a Tier 3 oil spill response membership. Energyco refines crude oil into various marketable components including Liquefied Petroleum Gas, Light Naphtha, Heavy Naphtha, High Octane Blending Component, Motor Gasoline, Kerosene, Jet Fuels, High Speed Diesel and Furnace Oil. The Company is proud to have the largest capacity crude oil storage tanks in the country. Energyco's marketing network supports retail outlets in more than 80 cities all over Pakistan and is an emerging player in Pakistan's oil marketing sector. Energyco's diverse and highly skilled workforce consists of approximately 900 dedicated employees across the firm's divisions.
