

## Pakistan Army's School of Artillery Visits Cnergyico's Oil Refining Complex

**KARACHI:** A delegation from the Pakistan Army's School of Artillery visited Cnergyico's oil refining complex (formerly Byco Petroleum) in Hub – Balochistan. The delegates were received by Company's senior executives and were given a detailed briefing on the refinery operations and future plans.

Cnergyico's oil refining complex is capable of processing up to 156,000 barrels per day of crude oil to produce a variety of high-value fuels, such as petrol and high-speed diesel. Cnergyico is the only energy company in the country that operates a private offshore port, called Single Point Mooring (SPM), to import crude oil for the oil refining complex. Cnergyico also operates a network of more than 450 petrol pumps and the country's largest crude oil storage tanks.

The delegates were informed about the strategic importance of the oil refining industry in Pakistan, its role in enhancing the country's energy security, and Cnergyico's future growth plans. Cnergyico has been upgrading its oil refinery by installing state-of-the-art equipment and plants to ramp up petrol and diesel production, which will be Euro-V compliant. The company also seeks to increase its oil refining capacity to 200,000 barrels per day.

**About Cnergyico:** *Cnergyico Pk Limited is one of Pakistan's leading midstream and downstream energy firms, engaged in the businesses of oil refining, petroleum marketing, and petroleum logistics. Cnergyico's mission is to meet the nation's chemical and energy demands. The Company manufactures a wide range of petroleum products with a vision to achieve sustainable productivity and profitability while upholding high environmental, health and safety standards.*

*Cnergyico is Pakistan's largest oil refiner by design capacity, and is the nation's only firm having a dedicated Single Point Mooring (SPM). Cnergyico's SPM is the only floating liquid port in the country, and the company employs a round-the-clock crew dedicated to the safety and security of the Facilities and vessels in and around its anchorage area. The SPM is Pakistan's only terminal having a Tier 3 oil spill response membership.*

*Cnergyico refines crude oil into various marketable components including Liquefied Petroleum Gas, Light Naphtha, Heavy Naphtha, High Octane Blending Component, Motor Gasoline, Kerosene, Aviation Fuels, High Speed Diesel and Furnace Oil. The Company has the largest capacity crude oil storage tanks in the country. Cnergyico's marketing network supports retail outlets in more than 80 cities all over Pakistan and is an emerging player in Pakistan's oil marketing sector. Cnergyico's diverse and highly skilled workforce consists of approximately 900 dedicated employees across the firm's Divisions and business segments.*
