

Byco Energy Enhanced API SG/CD SAE 20W-50

High quality, shear-stable, multi grade gasoline engine oil with Tri Guard Technology for use in a wide range of passenger car and light-duty commercial vehicle engines where API SG performance lubricants are required.

APPLICATIONS

- Naturally aspirated and turbocharged gasoline engines in passenger cars.
- Light truck Gasoline Engines.
- Four-stroke gasoline engines in motorcycles and portable power equipment where the manufacturer recommends conventional passenger car motor oils.

PERFORMANCE STANDARDS

- API SG, SF, SE
- API CD
- European Specification
CC MC G4, MB228.1
- Military Specification
MIL-L-46152D

KEY PROPERTIES

SAE Grade	20W-50
Base No.	9.0
Sulfated Ash, m%	0.85
Viscosity, mm ² /s @ 40 °C	165
mm ² /s @ 100 °C	19.1
Viscosity Index	130
Calcium, m%	0.30
App. Viscosity @- 15°C	9000

Guard Advantages protects against deposit and sludge

BENEFITS

* Long Engine Life

Energy Enhanced Motor Oil with Tri-Guard Advantages is an excellent quality automotive engine oil. Energy Enhanced is formulated with high quality base stocks, a shear stable viscosity index improver, and contain detergent, dispersant, wear control, antioxidant, corrosion inhibitor, and foam suppressant additives.

* Saves Maintenance Cost

A high level of dispersancy in Energy Enhanced with Tri-Guard Advantages protects against deposit and sludge formation in stop and go driving and sustained high temperature operation, and protects against corrosion.

ENVIRONMENTAL HEALTH & SAFETY

Environmental, Health & Safety Information of this product is available in Byco Material Safety Data Sheet (MSDS). Customers are encouraged to review this information, follow precautions and comply with laws and regulations consuming product use and disposal. To obtain MSDS for this product, please contact Lubricant Technology Department.
